GENIUS OF BHALWAL

The Genius of Bhalwal is an innovative initiative introduced by our school, aimed at recognizing and nurturing academic excellence in the region. This program offers 100% free scholarships to students who demonstrate exceptional academic performance, providing them with access to high-quality education without financial constraints.

About ISC BHALWAL

The International School of Cordoba chain was launched in 2013. By the grace of Allah, we have 45+ schools operating in Pakistan, Saudi Arabia, China, Japan, United Kingdom and South Africa.

We have already signed contracts with various partners to set up five hundred and sixty schools in twenty eight districts throughout Pakistan.

Purpose-built school campuses is one of our top priorities. An International Boarding House in Punjab is currently under design.

DIRECTOR'S MESSAGE

“Management is doing things right; leadership is doing the right things.”

Dear Parents

Assalam-u-Alaykum

May we take this opportunity to welcome you to the International School of Cordoba (ISC). It is always rewarding to greet parents who have recognised the need to provide their children with high standards of education.

Parents and teachers have a shared responsibility for the upbringing of young children. We, at ISC, believe that development of character is just as important as honing the competencies in the crucial years of a child's life.

We will ensure that the values emphasized at home and practiced at the school are perfectly aligned. Therefore, we very much look forward to working with you in the future in a spirit of cooperation, respect and mutual support for your child to achieve the best in this life and hereafter, in shaa Allah.

Let us join hands to build the future leaders of our nation together!

Best regards
